REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the limitations reciting a breaking apparatus including a carrier having a cutter slot as claimed vertically movable by a lifting mechanism as claimed wherein a breaking-cutter protrudes through the cutter slot to break a brittle material at scribe lines as claimed in combination with other limitations set forth in claim 1 are not anticipated or made obvious by the prior art. For example, Regan and Turner disclose a scribing and breaking apparatus having an impulse bar vertically movable while a wafer is held by a movable wafer support to break the wafer at scribed lines. However, Regan and Turner do not disclose a breaking apparatus including the carrier having the cutter slot as claimed vertically movable by the lifting mechanism as claimed wherein the breaking-cutter protrudes through the cutter slot to break a brittle material at scribe lines as claimed in combination with other limitations set forth in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
